

About DriveTime

You're not the only person who hates visiting car dealerships because you're afraid of the way you'll be treated, but with DriveTime you don't have to be afraid anymore! We understand that people are only human and that most people have experienced some kind of financial trouble in their lifetime, which is exactly why we are both a car dealer and a finance company. We specialize in getting people with less-than-perfect credit into used cars that they are satisfied to drive.

There are a number of conveniently located Virginia DriveTime stores that have a great selection of used cars to choose from. DriveTime is known for our welcoming atmosphere and the family-like feeling that you get from our team members. We know how hard it is to find a place that will work with your poor credit history and actually help you find a used car that will not push your credit score even lower. Virginia DriveTime will treat you with the respect and professionalism that you deserve when you visit our dealerships.

DriveTime does 99% of our own financing, which allows us to look at financial aspects that most banks and lenders don't even consider. We almost guarantee that you will be approved for a used car and the process is so simple! All you have to do is log on to www.DriveTime.com and fill out our short application. After you submit the application, it will only take TWO minutes to know whether you have been approved to purchase a used car at Virginia DriveTime. After you find out if you have been approved, then you will need to visit a Virginia DriveTime to discuss your financial situation and complete the buying process.
